FOREWORD

WE KNOW THAT IF WE WALK AS SEPARATED INDIVIDUALS UN-
LINKED BY COMMON GOALS THAT OUR CRIES WILL NOT BE HEARD
OR BECAUSE OF THE LACK OF IMPACT THAT WILL BE CARRIED BY INDI-
VIDUAL VOICES. LET US, INSTEAD, UNITE AS ONE, LICK OUR WOUNDS,
AND CONTINUE THE FIGHT.

DEDICATION

Mr. Willie S. Smith

This edition of the Hawk is dedicated to Mr. Willie S. Smith. Coach Smith is indeed a tireless and prestigious figure to all the Hawks of Maryland State College.

Prior to embarking upon the Maryland State College scene as acting head of the Department of Physical Education, Coach Smith was head mentor of football at the Norfolk division of Virginia State College.

Through Coach Willie Smith, we the students of Maryland State College have been granted freedom of expression. This year's recipient of our dedication is indeed a believer of the quotation "through freedom of expression of ideas and thoughts, truth will prevail." Through truth, we experience an open and clean sense of reality. Truth lifts the blinders from our eyes thus emanating light. Through many years of teachings and experiences, we have learned that truth is the light and that light shall set man free.

THE MANY FACES OF
SMITTY

DR. JOHN TAYLOR WILLIAMS
PRESIDENT

President John Taylor Williams has rounded out his twenty-second year at Maryland State College. This year finds him yet resolving, building and responding to the years of the Sixties and the Seventies. To be certain that the future of Maryland State College is secure, he is still making long-range plans.

"A fully qualified, stimulating seat of learning . . . a new science building . . . preliminary plans have been completed and funds requested

for a million-dollar auditorium . . . a \$300,000 swimming pool. Landscaping . . . a large new parking and automobile circle will be built in front of the Administration Building, closing the road which is presently in use . . ."

John Taylor Williams continues to rise with the occasion, as he has done so brilliantly in the past, educating in the tradition of the power of ideas in the college's continuing struggle for truth.

BOARD OF REGENTS

GOVERNOR OF MARYLAND Marvin Mandel

Governor Mandel was born April 19, 1920, in Baltimore. He attended Pimlico Elementary School, Garrison Junior High School, and graduated from City College in 1937. He went to the University of Maryland and then to the University's Law School, receiving his LL.B. in 1942.

Marvin Mandel's political career began in 1950 when he served as a Justice of the Peace in Baltimore City. He was also a member of the Governor's Commission on the Municipal Court for Baltimore City. Governor Mandel's leadership in the General Assembly was often described as "quiet and cautious." Although he exercised firm control of the House, he was always open to all sides of an argument and was always willing to help fellow legislators with their problems.

CULTURAL ACTIVITIES

ELEO POMARE DANCE COMPANY

The Eleo Pomare Dance Company was first formed in 1958. A major part of its purpose has always been "the creative utilization of Negro talent and ability in American Modern Dance," in an effort to break away from confining stereotypes of "Negro" and "Primitive" dance. Most of the company's repertory consists of works for 10-15 dancers. Chamber programs like the present one are given in cases where technical, stage, or financial limitations do not permit such large-scale works.

About the CHOREOGRAPHER: Eleo Pomare was born in Colombia, South America, and was raised in Panama, Central America. He studied dance at New York City's High School of Performing Arts, and has been dancing since the age of 16. He received a fellowship to study with Jose Limon, Curtis James, and Kurt Joos in Germany, at the Volkswangschule. He received a John Hay Whitney Fellowship to study in Europe from 1961-1964. Already having formed a New York based dance group, Pomare formed one in Amsterdam, and has since performed and taught in Europe at the Royal Dutch Ballet, Scapino Ballet, Stockholm University, and the First International Dance Seminar of the Royal Danish Ballet. In the November, 1968 issue of Dance Magazine, Mr. Pomare's artistic importance was recognized in a feature interview and his achievement was honored by a cover photo.

DUO GUITARISTS

LOS INDIOS TABAJARAS

LOS INDIOS TABAJARAS has achieved international fame and popularity through their best selling RCA Victor recordings, and have thrilled and delighted concert hall audiences on four continents. In three years the phenomenal brothers from Brazil have played hundreds of concerts in virtually every major city and university in the United States. Appearances with Ed Sullivan, Johnny Carson, Mike Douglas and Authur Godfrey have made this colorful team the favorites of millions of Americans.

The road that took these Indian brothers from their Tabajaras tribe in a remote and primitive area of Brazil to their first RCA Victor best seller, "Maria Elena", was a remarkable one. Self-taught on a guitar they found in the jungle, the boys and part of their family, numbering sixteen, walked 3,000 miles to Rio de Janeiro. They continued to teach themselves, and perform, gaining popularity in Latin America. Their musical studies became intense, their unique style and sound developed, their fame spread, and RCA Victor brought them to the United States. With the sensational "Maria Elena", and the best selling albums that followed it, Los Indios Tabajaras have become the most popular and sought after guitar team on today's musical scene.

Captivating the public with everything from primitive tribal music, Latin American favorites, and popular songs, to the familiar and beloved classics by composers like Chopin, Albeniz and Tchaikovsky, Los Indios Tabajaras cast their own personal spell with breathtaking virtuosity, radiant tone, and incomparable artistry. Their unique and inspired interpretations communicate the heart of the music to the heart of the listener. The experience is unforgettable, and habit forming!

THE COLOGNE CHAMBER ORCHESTRA

The Cologne Chamber Orchestra's debut tour of the United States in February and March, 1969, was such a musical and popular success that the distinguished ensemble returns here in the winter of 1970 for a second sold-out tour.

Helmut Mueller-Bruhl founded the Cologne Chamber Orchestra in 1960 in order to present concerts in the famed Augustusburg-Bruhl Castle, near Cologne. Built between 1725 and 1770, the Castle is one of the most joyful examples of the Baroque period in architecture. It was created by Clemens August who had an exceptional sensitivity and appreciation of the arts.

It was the wish to fill the beautiful castle again with

life and joy which led, in 1958, to the founding of the Bruhl Castle Concerts and after two seasons of concerts with various ensembles, Mr. Mueller-Bruhl founded the Cologne Chamber Orchestra. The success of the new orchestra was overwhelming and led to the establishment of a series of twenty-five concerts each season within the Castle.

The orchestra has since toured Europe extensively, and has traveled to the Far East for concerts; recordings by the Cologne Chamber Orchestra have been awarded the Grand Prix du Disque and the Grand Prix du Discophiles.

GAIL NELSON, Soprano

MISS GAIL NELSON, is presently appearing in the Broadway company of Pearl Bailey's *Hello Dolly*, with Cab Calloway. She is an understudy for the ingenue lead, Mrs. Molloy, and for the cameo role of Mrs. Rose. Within the year and a half living in New York City, Miss Nelson has been quite active in television commercials, television shows for CBS and NBC, movies, leads in summer stock, recording for major companies, night club work and strangely enough, classical concerts and opera. She has toured with the young choral group under Columbia Artists Management as a soloist with the Wit/Lo Singers and just recently has joined the Metropolitan Opera Studio in New York City, which trains professional young singers under the auspices of the Metropolitan opera company. Miss Nelson is a graduate of Oberlin College, and received her Master's degree from the New England Conservatory of Music.

Her accompanist, Mr. Donald Pratt, is a graduate of Oberlin College and has studied at the Mozarteum in Salzburg, Austria. He received his M.M. degree at Indiana University and has completed course work for his doctorate degree. A former assistant conductor at the Sante Fe Opera Company in New Mexico, he is presently residing in New York City as a professional accompanist, piano and vocal coach and piano instructor.

Alpha Phi Alpha, a fraternity originally established for Negro College men, was founded at Cornell University on December 4, 1906. It was the first intercollegiate Greek letter fraternity established for Negro men. Since its conception more than 35,000 men have been initiated into this "glorious bond". Alpha Phi Alpha has been interracial since 1945.

Ever aware of the magnetic appeal of our motto, "First of all, servants of all, we shall transcend all," it has been an endeavor of Alpha Phi Alpha to make this axiomatic truth a living reality. Further, we have always held as its most influential attributes, manly deeds, scholarship and love for all mankind. The Delta Nu Chapter at Maryland was founded in 1950.

Alpha Kappa Alpha Sorority, the first Greek-letter sorority among Negro College women, was founded at Howard University, Washington, D.C., on January 16, 1908. Their purpose for organizing was "to cultivate and encourage high scholastic and ethical standards, improve the social status of the race, promote unity and

friendship among college women and to keep alive within the alumnae an interest in college life and progressive movement emanating therefrom." The Alpha Omicron Chapter of Alpha Kappa Alpha Sorority was founded at Maryland State College in 1951.

Gamma Sigma Sigma Service Sorority came about when a group of girls of Drexel Institute of Technology heard that a group of girls known as the Omega Service Sorority of Boston University were hoping to find other college service groups in order to bind the groups together in a national service organization. The name Gamma Sigma Sigma appealed to the girls and was adopted for the Sorority because of the common

usage of GS standing for girls service sorority. Gamma Sigma Sigma Service Sorority had its beginning on January 1, 1953. The purpose of this organization is to assemble college and university women in the spirit of service to humanity. Gamma Sigma Sigma renders service to the school, the community and the nation. The Maryland State Colony of Gamma Sigma Sigma was founded in April of 1968.

THE DYNAMIC HAWKS

Bloody But Unbowed

The Hawk traditionally flies high but the 1969-70 football season saw the Hawks of Maryland State paralyzed. New management, tougher competition and injuries were innovations for the season. Under the supervision of Rookie Head Coach Bob Taylor, the Hawks appeared sharp and professional as they whipped Franklin and Marshall College in a pre-season game. In regular season play the Hawk, a bird who rarely falls prey, fell prey and was overcome by such inferiors as: Central State, Norfolk State, North Carolina A&T University, Morgan State, Virginia State, North Carolina Central and Prairie View. Nevertheless, they managed to win one game and its occurrence was quite unique.

The Hawks sporting a winless season with one game left to play travelled to Delaware

State for their last grid endeavor. There they managed to muster up enough "esprit de corps" to win their football finale—and yes, the victory was sweet.

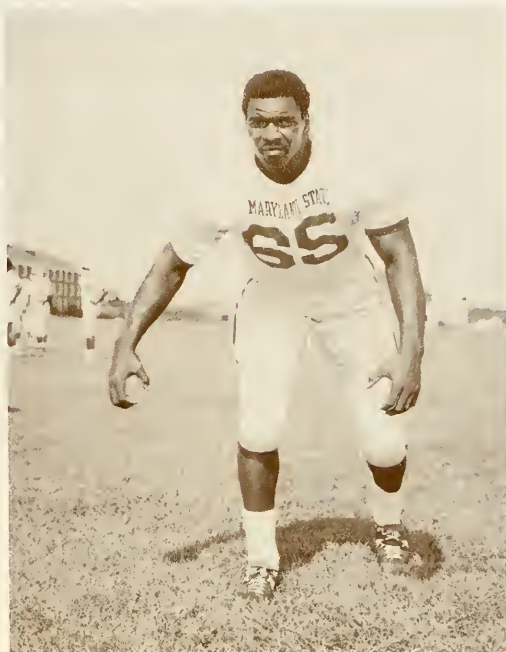

It was, however, a peculiar year despite the teams inability to put it all together there were numerous individual accomplishments. Warner Robertson led the nation in punting. Gerald Irons, Mack Alston and Art Laster were all drafted by the pro teams.

The past was dim but the future looks bright. Veterans Moses Denson, Warner Robertson, Henry Shropshire and Ernest Dates will team up with other gridders as the Hawks seek revenge. Besides, what better time is there to win a championship than 1970 the beginning of a new decade? Let's go Hawks!!!

kins. Standing: Kenneth Hines, Mack Alston, Art Laster, Robert Wright, Gerald Irons, Lawrence Acker.

art Elzey, Thomas Cephas, Kim Hall, Thomas Stewart. Second Row: George Stewart, Wayne Cropper, Tom Lord, Vernon Williams, Rotan Lee, Gonzalee Mathews.

Maryland State's Baseball Team did well last season. The team should do well again in 1970.

Coach Harold "House" Gray will take charge of the team. He vows that his players will go all out. The team is basically a young one with only a few returning seniors. However, there won't be a lack of confidence because all of the members are capable of doing it.

A returning Infield coupled with an experienced Outfield should supply the requirements for a strong, sturdy defense and good hitters plus lots of hustle should come in handy on offense.

Good luck Hawks in 1970 and good luck Coach Gray.

Wayne Cropper slides into home plate.

Kim Hall, No. 2, makes it on time against Norfolk State.

A Hawk slides in.

Standing left to right: John Borden, Clem Jones, Larry Jones, Robert Martin, Warren Edwards. *Second Row:* Aaron Walker, Art Wheelings, Plymouth Williams, Reu-

ben Matthews, Ronald Handy. *Third Row:* Vernon Stoner, Gregory Jordan, John Lundy, Vincent Davis, Andrew Anderson.

Maryland State sports a young Track Team this year. This is the year for reconstruction. Last year's team fared well placing fifth in the CIAA. Outstanding returnee is Bob Martin, a high ranking Javelin thrower, who managed to finish second in the CIAA. Also, we have Vernon Stoner, the team's only returning senior. Other

returnees are quarter-miler Vincent Davis and dasher John Borden.

Coach Anderson has his work cut out, but we're confident that 1970's team will do it. They're young and full of spunk.

Good luck and let's run them into the ground HAWKS.

Runners take your mark-get set-go.

Reuben and John prepare to leap.

Bob and Fellow doin' their thing.

Powerful Hawk's relay team.

Kneeling left to right: Steve Harris, Reggie Butler, Kirkland Hall, Thomas Stewart, John Foster. Standing left to right: Jake Ford, Robert Kearney, Melvin Fowlkes, James

Morgan, Jack Bryant, Levi Fontaine, Tyrone Johnson. No picture: Renard Pitts, Kim Hall.

The Hawks of Maryland State razzled and dazzled their opponents in their 1969-70 campaign. It was a season of success, it was a season of mystery.

Led by starters Reggie Butler, Thomas Stewart, Jake Ford, Jack Bryant and James "Bones" Morgan the Hawks compiled a respectable regular season record of 20-0. Assisting the starters were the country's top three substitutes Levi Fontaine, Robert Kearney and Mel "Mellow" Fowlkes, respectively. All capable of starting for any team.

Coached by Joe Robinson, a highly respected coach on the local and national scene, the Hawks' pressure defended their opponents and ran a fast, exciting offense.

Coach Robinson and players worked hard and diligently drilling on fundamentals and polishing skills.

Victory was sweet for the Hawks but when defeat came it was bitter. Finishing the season with a 27-2 record was great, but our Hawks strived for perfection. The defeats were to Winston-Salem in the final round of the CIAA tournament and to Eastern New Mexico in the quarter finals of the NAIA.

Accomplishments were numerous for the Hawks. They were: Visitation Champs (Northern Division) CIAA, Runners-up for the CIAA conference tournament, District 19 Champs NAIA, quarter-finalists in the National College Tournament and rated No. 1 in small colleges by the Associated Press.

Coach Robinson and all the players deserve a hearty salute and lots of credit for a job well done. By the way, good luck seniors Jake Ford, James Morgan, Thomas Stewart and Levi Fontaine.
